The Trust has been managing the 'living landscape of the Ironbridge Gorge' for 25 years. This would not have been possible without the support and dedication of our Trustees, Partner Organisations, Contractors, Volunteers and Staff.

Much has been achieved over the last 25 years and much has been learned. We have decided to celebrate this special occasion by holding an open day to highlight some of the work the Trust undertakes and would like to share this day with you, as a thank you for your continued support.
